PECTORAL, suits. It strikes at the foundation of all pulmonary diseases, affording prompt relef and rapid sures, and is adapted to patients of any age or other sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Cutarrh, the effects of Ayen's Chemax Pecronal are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Low prices are inducements to try some of the many mixtures or syrupa, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualifies, can afford only temporary rellef, and are sure to disappoint the patient. Diseases of the threat and lungs demand active and effective treatment; and it is dangerous experimenting with suknown and cheap medicines, from the great liability that these diseases may, while so trified with, become deeply seated or incurable. Use Ayen's Champ as its careful preparation and fine ingredients will allow. Bullnent physicians, knowing its composition, prescribe it. The test of half a centery has proven its certainty to care all pulmonary complaints not already beyond the reach of human aid.
